EDUCATION

University of Texas at Dallas
Bachelor of Science in Computer Science

Richardson, TX
August 2023 – December 2026

RELEVANT WORK EXPERIENCE

Marketing Intern

Assistance Center of Collin County

Plano, TX
May 2021 – July 2021

- Marketing intern through the Plano Mayor's Summer Internship Program.
- Used the **Adobe Creative Suite** to make appealing designs and advertisements that promoted job opportunities for Fortune 500 companies including Amazon, Walmart, Target, and more!
- Worked closely with my team and the head of operations to produce and publish high-quality products.

RELEVANT PROJECT EXPERIENCE

Bucket Buddies | Flutter, Dart, Firebase

April 2024

UTD ACM Projects

- Full-stack mobile app utilizing the **Flutter SDK** and **Dart** for the front end and **Firebase** for the back end.
- Allows users to create and share bucket lists with their friend groups and plan and track the progress of various events together.
- Users can create and track events, vote on events, mark items as complete, add friends, and customize their profile complete with a profile picture, name, and bio. The app has a fully integrated **user authentication** system that stores the user's login information and saves any data created on the account after it is created such as bucket lists, friends, and profile components.
- Prototyped original UI designs using **Figma** and implemented the designs into the final product.

Online Instrument Lab | HTML, CSS, JavaScript

December 2023

onlineinstrumentlab.com

- Online Instrument Lab helps beginner musicians learn how to play a brass instrument using nothing more than a browser.
- Programmed buttons that will automatically redirect the user to their chosen instrument as well as **JavaScript** functions that allow the user to see how to play a note on the instrument while its audio plays.
- Composed **original background music** for the website.
- Utilized **cPanel** for deployment and file management.

Personal Portfolio Website | HTML, CSS, JavaScript

September 2023

bennettfeigenbaum.com

- Utilized **HTML**, **CSS**, and **JavaScript** to create a dynamic portfolio website.
- Used knowledge of typography and visual hierarchy to create a layout that is easy to read and navigate.
- Includes pages for "Home", "About", "Projects", and "LinkedIn."

CAMPUS & COMMUNITY INVOLVEMENT
